

KANO STATE IMMUNIZATION BUDGET ACCOUNTABILITY

ANNUAL
SCORECARD
2024

ABOUT THE SCORECARD

The African Health Budget Network (AHBN), in collaboration with the African Field Epidemiology Network (AFENET) with support from GAVI, is implementing the Zero Dose Learning Hub (ZDLH) in Nigeria targeting Kano, Borno, Bauchi, and Sokoto States to address zero-dose immunization gaps. AHBN component of the ZDLH focuses on reaching missed communities through Advocacy, Stakeholder Engagement, Budget Tracking, and Accountability to improve immunization coverage.

To ensure the accountability is entrenched, ZDLH and its partners have developed a comprehensive ZDLH Accountability Scorecard for Immunization Budget Tracking, Accountability, and Sustainability at the sub-national level. The scorecard is designed to measure and track progress and performance aimed at increasing and sustaining Routine Immunization (RI) coverage to reduce zero-dose children. For operational purposes, Gavi defines zero-dose children as those who have not received the first dose of Penta 1 (or DPT1).

The scorecard is structured into three categories: budget summary, health financing and accountability & service delivery and transparency. Data collection covered desk review, secondary analysis of existing budget data, key informant interview and exit interviews at the facilities. The scorecard data are being scored as dark green (target achieved), light green (demonstrated achievement), amber (progressive achievement), red (no achievement), where data is not available the indicator is scored as black.

The ZDLH Accountability Scorecard serves as a vital tool for tracking state government and partner commitments, with respect to financial and non-financial performance. The scorecard provides actionable insights for improved decision-making, with recommendations for advocacy to be led by the ZDLH Community of Practice (CoP) members, state level CSOs, professional bodies and the media. Its implementation will enhance transparency, strengthen immunization systems, and drive sustainable progress in reducing zero-dose children at the sub-national level.

KEY RECOMMENDATIONS FOR ACTION

1

State level CSOs are urged to advocate to the Ministry of Health to ensure that the proportion of Immunization budget released on quarterly basis increase to at least 50% from the 25% in 2024.

2

State level CSOs are urged to advocate to the state government to ensure that the 25% state counterpart funding for BHCPF is provided in the annual appropriation

3

State level CSOs are called upon to engage the ministry of health and the state primary healthcare management board to facilitate the full release of the total budget allocated to immunization services by the state in 2025.

4

CoP members and state level CSOs to advocate to the state ministry of health to increase the quarterly budgetary release for Primary Health Care activities including Immunization to at least 40% in 2025 from 10% in 2024

5

CoP members are called upon to advocate to the state government including ministry of budget and planning & ministry of health to improve access to health budget information, be regularly updating the online dashboard with health budget performance information.

HEALTH FINANCING AND ACCOUNTABILITY

Indicators	Scoring Sheet				Data Source
	Target Achieved (Sustainable)	Demonstrated Achievement (On-track)	Progressive Achievement	No Achievement	
Proportion of approved State budget allocated to the health sector.	15% of state budget allocated to health sector	10% - 14.9% of state budget allocated to health sector	5 -9.9% of state budget allocated to health sector	Less than 5% of state budget allocated to health sector	State Approved Budget
Proportion of the health sector budget allocated to SPHCMB	15% of total health budget allocated to SPHCMB	10% - 14.9% of total health budget allocated to SPHCMB	5 -9.9% of total health budget allocated to SPHCMB	Less than 5% of total health budget allocated to SPHCMB	State Approved Budget
Proportion of the SPHCMB budget allocated specifically for immunization in the State	15% of total SPHCMB budget allocated to immunization activities	10% - 14.9% of total SPHCMB budget allocated to immunization activities	5 -9.9% of total SPHCMB budget allocated to immunization activities	Less than 5% of total SPHCMB budget allocated to immunization activities	State Approved Budget
Proportion of health sector budget released by State government quarterly	80% or more of the total health budget was released	70% - 79.9% of the total health budget was released	50-69.9% of the total health budget was released	Less than 50% of the total health budget was released	State Budget Performance Report
Proportion of the SPHCMB budget released for PHC (including immunization) activities by State government quarterly	80% or more of the total SPHCMB budget was released	70% - 79.9% of the total SPHCMB budget was released	50-69.9% of the total SPHCMB budget was released	Less than 50% of the total SPHCMB budget was released	State Budget Performance Report
Proportion of approved immunization budget contributed into the basket fund by State government	100% of the total immunization budget was released into basket fund	70% - 79.9% of the total immunization budget was released into basket fund	50-69.9% of the total immunization budget was released into basket fund	Less than 50% of the total immunization budget was released into basket fund	State Approved Budget
Proportion of MoU development partners allocation in the immunization basket fund	35% or more of MoU development partners contributions in the PHC budget	20%-34.9% of MoU development partners contributions in the PHC budget	10 - 19.9% of MoU development partners contributions in the PHC budget	Less than 10% of MoU development partners contributions in the PHC budget	State Approved Budget
Proportion of fund from the basket fund account disbursed for immunization	80% or more of the basket fund was disbursed for immunization and PHC	70% - 79.9% of the basket fund was disbursed for immunization and PHC	50-69.9% of the basket fund was disbursed for immunization and PHC	Less than 50% of the basket fund was disbursed for immunization and PHC	State Approved Budget
Proportion of the state 25% counterpart funds released for BHCPF in State	80% or more of the state counterpart funds released for BHCPF	70% - 79.9% of the state counterpart funds released for BHCPF	50-69.9% of the state counterpart funds released for BHCPF	Less than 50% of the state counterpart funds released for BHCPF	Data not available
Proportion of BHCPF disbursed through the SPHCMB gateway to PHC facilities	80% or more of the BHCPF disbursed through the SPHCMB gateway to PHC facilities	70% - 79.9% of the BHCPF disbursed through the SPHCMB gateway to PHC facilities	50-69.9% of the BHCPF disbursed through the SPHCMB gateway to PHC facilities	Less than 50% of the BHCPF disbursed through the SPHCMB gateway to PHC facilities	BHCPF Newsletter
