ANNUAL
SCORECARD
2024

**AFRICA HEALTH
BUDGET NETWORK**

ABOUT THE SCORECARD

The African Health Budget Network (AHBN), in collaboration with the African Field Epidemiology Network (AFENET) with support from GAVI, is implementing the Zero Dose Learning Hub (ZDLH) in Nigeria targeting Kano, Borno, Bauchi, and Sokoto States to address zero-dose immunization gaps. AHBN component of the ZDLH focuses on reaching missed communities through Advocacy, Stakeholder Engagement, Budget Tracking, and Accountability to improve immunization coverage.

To ensure the accountability is entrenched, ZDLH and its partners have developed a comprehensive ZDLH Accountability Scorecard for Immunization Budget Tracking, Accountability, and Sustainability at the sub-national level. The scorecard is designed to measure and track progress and performance aimed at increasing and sustaining Routine Immunization (RI) coverage to reduce zero-dose children. For operational purposes, Gavi defines zero-dose children as those who have not received the first dose of Penta 1 (or DPT1).

The scorecard is structured into three categories: budget summary, health financing and accountability & service delivery and transparency. Data collection covered desk review, secondary analysis of existing budget data, key informant interview and exit interviews at the facilities. The scorecard data are being scored as dark green (target achieved), light green (demonstrated achievement), amber (progressive achievement), red (no achievement), where data is not available the indicator is scored as black.

The ZDLH Accountability Scorecard serves as a vital tool for tracking state government and partner commitments, with respect to financial and non-financial performance. The scorecard provides actionable insights for improved decision-making, with recommendations for advocacy to be led by the ZDLH Community of Practice (CoP) members, state level CSOs, professional bodies and the media. Its implementation will enhance transparency, strengthen immunization systems, and drive sustainable progress in reducing zero-dose children at the sub-national level.

Immunization Accountability Scorecard 2024

SERVICE DELIVERY AND TRANSPARENCY

Indicators	Score	
	2023	2024
Proportion of under-one children (infants) who received Penta 1 in BHCPF implementing facilities in zero-dose affected LGAs	58.7%	85.9%
Proportion of U5C who received Penta 3 in BHCPF implementing facilities in zero dose affected LGAs	51.9%	76.7%
Utilization status of the BHCPF at the implementing facility in zero dose affected LGAs in relation to immunization	10%	
Percentage of care-givers interviewed and satisfied with immunization services received in the BHCPF implementing facility at zero dose affected LGAs		76.4%
Proportion of BHCPF designated PHCs benefiting from DFF directly from the NPHCDA gateway		

In 2024 the SPHCDA budget release was inadequate, we are therefore calling on the State government to ensure adequate and timely release of the PHC budget including that of Immunization to at least 60% in 2025 from the 40% released in 2024.

SOKOTO STATE

Immunization Accountability Scorecard 2024

KEY RECOMMENDATIONS FOR ACTION

1

The State Government to ensure timely release of Health Sector approved budget including immunization budget for the year 2025, for the smooth implementation of Health Care and immunization activities in the State.

2

There is a notable dropout rate between Penta 1 and Penta 3 vaccines in 2024 with a difference of almost 9%. State level CSOs are encouraged to engage government, RI partners and LGA Chairmen vigorously to improve immunization coverage and ensure all zero dose children are reached.

3

In 2024 the SPHCDA budget release was inadequate, we are therefore calling on the State government to ensure adequate and timely release of the PHC budget including that of Immunization to at least 60% in 2025 from the 40% released in 2024.

4

CoP members are called upon to advocate to the state government including ministry of budget and planning & ministry of health to improve access to health budget information, be regularly updating the online dashboard with health budget performance information.

HEALTH FINANCING AND ACCOUNTABILITY

Indicators	Scoring Sheet				Data Source
	Target Achieved (Sustainable)	Demonstrated Achievement (On-track)	Progressive Achievement	No Achievement	
Proportion of approved State budget allocated to the health sector.	15% of state budget allocated to health sector	10% - 14.9% of state budget allocated to health sector	5 -9.9% of state budget allocated to health sector	Less than 5% of state budget allocated to health sector	State Approved Budget
Proportion of the health sector budget allocated to SPHCDA	15% of total health budget allocated to SPHCDA	10% - 14.9% of total health budget allocated to SPHCDA	5 -9.9% of total health budget allocated to SPHCDA	Less than 5% of total health budget allocated to SPHCDA	State Approved Budget
Proportion of the SPHCDA budget allocated specifically for immunization in the State	15% of total SPHCDA budget allocated to immunization activities	10% - 14.9% of total SPHCDA budget allocated to immunization activities	5 -9.9% of total SPHCDA budget allocated to immunization activities	Less than 5% of total SPHCDA budget allocated to immunization activities	State Approved Budget
Proportion of health sector budget released by State government quarterly	80% or more of the total health budget was released	70% - 79.9% of the total health budget was released	50-69.9% of the total health budget was released	Less than 50% of the total health budget was released	State Budget Performance Report
Proportion of the SPHCDA budget released for PHC (including immunization) activities by State government quarterly	80% or more of the total SPHCDA budget was released	70% - 79.9% of the total SPHCDA budget was released	50-69.9% of the total SPHCDA budget was released	Less than 50% of the total SPHCDA budget was released	State Budget Performance Report
Proportion of approved immunization budget contributed into the basket fund by State government	100% of the total immunization budget was released into basket fund	70% - 79.9% of the total immunization budget was released into basket fund	50-69.9% of the total immunization budget was released into basket fund	Less than 50% of the total immunization budget was released into basket fund	State Approved Budget
Proportion of MoU development partners allocation in the immunization basket fund	35% or more of MoU development partners contributions in the PHC budget	20%-34.9% of MoU development partners contributions in the PHC budget	10 - 19.9% of MoU development partners contributions in the PHC budget	Less than 10% of MoU development partners contributions in the PHC budget	State Approved Budget
Proportion of fund from the basket fund account disbursed for immunization	80% or more of the basket fund was disbursed for immunization and PHC	70% - 79.9% of the basket fund was disbursed for immunization and PHC	50-69.9% of the basket fund was disbursed for immunization and PHC	Less than 50% of the basket fund was disbursed for immunization and PHC	State Approved Budget
